### Disbursements

These are the highly variable third party costs paid out by us on behalf of clients. They are individually itemised for every funeral. The largest of these costs are cremation or burial fees (eg. creation of a new grave, adding to a grave or grave digging fees).

On average burial fees are £2,100 and cremation fees are £1,000. As these are payments made by us on your behalf, we request that all disbursements are paid in full before the day of the funeral.

## Other Options

We understand that sometimes a Full Circle Funeral won't be what's best for you. For this reason, we offer two other options – the Direct Cremation and the Home Funeral.

### Full Circle – Direct Cremation

£1,495 including third party costs

This package separates the cremation from a memorial ceremony or alternative celebration. The ashes are returned to you, which means you can arrange a service or celebration when and where you choose.

We will:

- ⦿ pick up the person during office hours (there would be a charge for out of hours),
- ⦿ provide a simple coffin
- ⦿ transport the person directly from our funeral home to a crematorium of our choice and at a time of our choosing for a cremation (during which you will not be present)
- ⦿ provide a simple container for the storing of the ashes, which you will need to collect from us

The full costs must be fully paid 48 hours in advance of the cremation

### Full Circle – Direct Cremation with visits

£1,895 including third party costs

This package separates the cremation from a memorial ceremony or alternative celebration. The ashes are returned to you, which means you can arrange a service or celebration when and where you choose.

We will:

- ⦿ pick up the person during office hours (there would be a charge for out of hours),
- ⦿ arrange for you to visit the person who has died within office hours
- ⦿ provide an oak veneer coffin (if you would like to choose a different coffin then there is usually an additional charge)
- ⦿ transport the person directly from our funeral home (in a private ambulance) to a crematorium of our choice and at a time of our choosing for a cremation (you will not be able to be present for the cremation)
- ⦿ You may wish to choose a piece of music for us to play privately upon arrival at the crematorium or some flowers to go with the coffin
- ⦿ provide a simple container for the storing of the ashes, which you will need to collect from us

The full costs must be fully paid 48 hours in advance of the cremation

### Home Funeral

If you would like to look after your loved one and arrange the funeral yourself, but would like some guidance from us, we would be more than happy to support you at a cost of £750 for our time, expertise and help with transport.
