Disbursements

These are the highly variable third party costs paid out by us on behalf of clients. They are individually itemised for every funeral. The largest of these costs are cremation or burial fees (eg. creation of a new grave, adding to a grave or grave digging fees).

On average burial fees are £2,100 and cremation fees are £1,000. As these are payments made by us on your behalf, we request that all disbursements are paid in full before the day of the funeral.

Other Options

We understand that sometimes a Full Circle Funeral won't be what's best for you. For this reason, we offer two other options – the Direct Cremation and the Home Funeral.

Full Circle – Simple Direct Cremation

£1,595 including third party costs. The full costs should be fully paid before the day of cremation.

This package separates the cremation from a memorial ceremony or alternative celebration. The ashes are returned to you, which means you can arrange a service or celebration when and where you choose.

We will:

- ☺ Bring the person that has died into our care during office hours (there would be an additional charge of £250 if this needs to take place outside of these hours)
- ☺ Provide a simple coffin – for larger coffins then there may be an additional charge (depending on size). For Full Circle Funerals Yorkshire, due to our commitment to the environment this may be a Cardboard or Jute coffin.
- ☺ Transport the person directly from our funeral home (in a private ambulance) to a crematorium of our choice and arrange for a cremation at a time of our choosing (you will not be able to be present for the cremation)
- ☺ Provide a cardboard ecobox container for the ashes, which you will need to collect from us. If you would like to choose a different container, then we can support you with this (and this would be charged separately)

Full Circle – Enhanced Direct Cremation

The cost for this enhanced direct cremation service is £1,995. The full costs should be fully paid before the day of cremation.

In addition to everything included in our Simple Direct Cremation, this also includes the options in the list below. Please note that there is no choices of vehicle and this does not include placing a newspaper advert, online tribute or arranging flowers.

- ☺ Full personal care for the person who has died. This would include obtaining fingerprints and locks of hair – if that is what you would like
- ☺ Facilitating you spending time with the person who has died within working hours, including use of our visiting room
- ☺ A coffin as detailed above – a different coffin can be selected (and you will be charged for the difference in price). There may be an additional charge for larger coffins
- ☺ A cardboard ecobox ashes container, which you will need to collect from us. If you would like to choose a different container, then we can support you with this (and this would be charged separately)
- ☺ The opportunity to spend 15 minutes at one of our services on day of the cremation for final moments with closed coffin prior to departure to the crematorium

Home Funeral

If you would like to look after your loved one and arrange the funeral yourself, but would like some guidance from us, we would be more than happy to support you at a cost of £750 for our time, expertise and help with transport.
