Award-winning, independent Yorkshire funeral directors founded by Doctor Sarah Jones

Full Circle Funerals is proudly independent and female-led. Most of our award-winning team have previously worked within health, social or pastoral care and we believe this helps us to care for people in a uniquely compassionate, flexible way.

You can email us anne@fullcirclefunerals.co.uk or find us at the addresses below

We can help with traditional or more modern, alternative funerals and everything in between. We are experienced in local, greener or eco-friendly funerals and if you are considering a direct cremation then we can help. We will always support you to ensure every funeral is as individual and meaningful as possible. We know the small details matter, so nothing is too much trouble.

We will never tell you how things “should be done” but will support you to understand and consider your choices, so that you can decide what is right for you, your family and friends in an open, transparent way.

- Tea & Coffee (per head) £0.50

Disbursements

These are the highly variable third party costs paid out by us on behalf of clients. They are individually itemised for every funeral. The largest of these costs are cremation or burial fees (eg. creation of a new grave, adding to a grave or grave digging fees).

On average burial fees are £2,100 and cremation fees are £1,100. As these are payments made by us on your behalf, we request that all disbursements are paid in full before the day of the funeral.

Other Options

We understand that sometimes a Full Circle Funeral won't be what's best for you. For this reason, we offer two other options – the Direct Cremation and the Home Funeral.

OTHER PRICES

Full Circle – Direct Cremation

£1,995 including third party costs. Payment in full is required before we book the cremation.

This package separates the cremation from a memorial ceremony or alternative celebration. The ashes are returned to you, which means you can arrange a service or celebration when and where you choose. Please note that there is no choices of vehicle and this does not include placing a newspaper advert, online tribute or arranging flowers.

We will:

- Bring the person that has died into our care during office hours (there would be an additional charge of £250 if this needs to take place outside of these hours)
- Provide a simple coffin – for larger coffins then there may be an additional charge (depending on size). Due to our commitment to the environment this may be a Cardboard or Jute coffin. A different coffin can be selected (and you will be charged for the difference in price).
- Full personal care for the person who has died. This would include obtaining fingerprints and locks of hair – if that is what you would like
- Facilitating you spending time with the person who has died within working hours, including use of our visiting room
- Transport the person directly from our funeral home (in a private ambulance) to a crematorium of our choice and arrange for a cremation at a time of our choosing (you will not be able to be present for the cremation)

- Provide a cardboard ecobox container for the ashes, which you will need to collect from us. If you would like to choose a different container, then we can support you with this (and this would be charged separately)
- The opportunity to spend 15 minutes at one of our services on day of the cremation for final moments with closed coffin prior to departure to the crematorium

Home Funeral

If you would like to look after someone and arrange the funeral yourself, but would like some guidance from us, we would be more than happy to support you at a cost of £1,000 for our time and expertise.
